

Where can you find Smarter Balanced items?

Use the links on this page to locate Smarter Balanced released items.

Smarter Balanced website - <http://sampleitems.smarterbalanced.org/itempreview/sbac/index.htm>

Click on "View more mathematics sample items" at the top of the page to find more items.

Summative released items - <http://www.ode.state.or.us/search/page/?id=3747>

Items are organized by "claim." Click into each grade-band below the claim to see items.

Sample tests - <https://sbacpt.tds.airast.org/student/>

To access items, follow the following steps:

- 1) *The sign-in information should be automatically set to "Guest". Click on "Sign in"*
- 2) *On the next screen, select your grade from the drop down menu.*
- 3) *On the next screen, select "Start Math" (do not select "Performance Task")*
- 4) *On the next screen, you can adjust the settings of the test. We recommend simply using the default settings. Click "Select"*
- 5) *You'll land on a screen that says "Is this your test?", click "Yes, start my test."*
- 6) *The next screen provides instructions about how to navigate through the test. Click "Begin test now". You will be brought to the first item and can navigate through the test from there.*

Sample item PDF's by grade:

- [3rd grade](#)
- [4th grade](#)
- [5th grade](#)
- [6th grade](#)
- [7th grade](#)
- [8th grade](#)
- [High School](#)

Extra! Extra!

Want to understand more about how Common Core and Smarter Balanced assessments are different from traditional assessment? Check out these comparison documents from the Delaware Department of Education:
